

Meridian Line Card

Completion of diverse construction projects which include one or more of the following:

- Design / Build
- Complicated Design / Work Schedule
- Collaborative Construction Approach
- Highly Technical
- Remote & High Altitude
- Turn-key Engineering and Construction

In the following market sectors:

Mining & Tunneling

- Construction & Development (Surface & Underground)
- Environmental & Treatment– AML or active mine sites
- Contract Mining
- Mine Decommissioning & Reclamation
- Rehabilitation

Heavy Civil Technical

- Technical Subsurface Excavation
- Steam Crossings / Drop Structures
- Project Sitework
- Explosives & Rock Excavation
- Slope Stabilization

NAICS Codes

- 213112 – Support for Oil & Gas
- 213113 – Support for Mining
- 213114 – Support for Metal Mining
- 213115 – Support for Non-Metal Mining
- 237310 – Highway | Street | Bridge
- 237990 – Other Heavy & Civil Construction
- 541330 – Engineering Services
- 541370 – Surveying & Mapping Services
- 541620 – Environmental Consulting Services
- 562910 – Remediation Services (Primary)

Water Resources

- Canal, Dam & Reservoir Construction / Modification
- Collection Systems - Inlet & Outlet Structures
- Stream Restoration
- Wetland and Habitat Development
- Private Ranch Developments

Oil & Gas

- Access & Pad Construction / Maintenance
- Site Reclamation

Environmental

- Brownfield Redevelopment
- Contaminated Soils Excavation & Disposal
